

# CLAIMS CERTIFICATE, Volvo Cars

## Deductibles – damage on benefit cars

If car holder is to pay for deductibles this certificate is **NOT** needed.

Bring this form, completed and signed, to an authorized Volvo dealer if it is clear that the company will pay the deductible, or cost below the deductible.

Without the certificate a part of the deductible, 10% of a price base amount, is paid by the car holder when the car is picked up after completion of repair.
